## EDUCATION

**Kumoh National Institute of Technology**, Gumi, Korea (South)

PhD in Project Management, School of Kumoh National Institute of Technology,  
Wind Resistant Structure, march 2012.

- Thesis: “The Design Wind Loads of Main Structural Frame and Cladding for Low-rise Buildings based on Wind Tunnel Test”, Advisor: Ha Young Chul (Ph.D.)

**Dankook University**, Yongin, Korea (South)

Master of Engineering in Architectural Engineering, March 2001

- Thesis: “An Experimental Study on the Structural Performance of Reinforced Concrete Columns with Corroded Bar”, Advisor: Professor Chung Lan (Ph.D.)

**Dankook University**, Yongin, Korea (South)

Bachelor of Engineering in Architectural Engineering, March, 1999

## RESEARCH AND TEACHING INTERESTS

Engineering in architecture, engineering, and construction

Wind Resistant Structure

Building Modelling

## **PUBLICATION**

“The Curtain Wall System for Wind Load Performance Evaluation ”, Journal of the Wind Engineering Institute of Korea, Proceedings of Annual Academic or Technical Conference, 2018

## **PRESENTATIONS**

## **TEACHING AND ADVISING EXPERIENCE**

- **College of Shinheung**

*A Part-time lecturer* at the School of Architectural Engineering, 2011-2013

## **PROFESSIONAL EXPERIENCE**

**BaRo Structural Engineers office**, Seocho, Korea (South)  
Assistant Manager, March 2001-June 2001

**Hultec Inc.** , Goyang, Korea (South)  
Associate Specialist, June 2001-October 2003

**KBM**, Seoul, Korea (South)  
Manager, October 2010-February 2007

**Citywall**, Seoul, Korea (South)  
Representative Director, March 2007-July 2012

**Citywall inc.** , Seongnam, Korea (South)  
Representative Director, August 2012-

## **RESEARCH EXPERIENCE**

## **SKILLS**

- License of Engineer of Construction Safety, November 1998 (Human Resources Development Services of Korea)

- License of Engineer of Architecture, June 1998 (Human Resources Development Services of Korea)
